Frequently Asked Questions

Will 6th Street be closed?

Yes. Sections of 6th Street will be closed but construction is broken into phases to reduce impacts to the public. Detours will be provided, and you will have access to your property.

How will this project affect the Idaho Arts Charter School?

Work near Idaho Arts Charter School (11th Ave. to 16th Ave.) will be completed during the summer.

How will businesses and churches be affected?

Access to businesses and churches will be maintained during construction. The City reached out to these stakeholders during the design phase to inform them about the project and identify their concerns and will continue to work with them during construction.

Will my water service be affected?

New water system will be installed with old system functioning so there will only be a short gap in service when services are switched over.

How will construction impact traffic?

The Contractor will maintain two-way traffic in areas adjacent to any full road closures. The City will allow the Contractor to work on a maximum of two phases at the same time. There will be a three week period starting at the end of July when phases 1 and 3B are completely closed. During the rest of the project the Contractor can only completely close the roadway on one phase at a time.

Preliminary Project Schedule

| | June | July | August | Sept. | Oct. | Nov. | Dec. |
|----------|------|------|--------|-------|------|------|------|
| Phase 1 | █ | | | | | | |
| Phase 2A | | | | | █ | | |
| Phase 2B | | | | | | █ | |
| Phase 3A | | | | █ | | | |
| Phase 3B | | | █ | | | | |

6th Street North

Project Overview

The City of Nampa is improving 6th Street North by rebuilding the roadway from 1st Avenue North to 16th Avenue North. The purpose of the project is to improve the roadway and utilities in the area. The project will:

- Replace the waterline and reconstruct the full roadway from 1st Avenue North to 4th Avenue North and 9th Avenue North to 16th Avenue North.
- Reconstruct half of the roadway from 4th Avenue North to 9th Avenue North. The waterline in this area was replaced in 2014.
- Provide new curb and gutter in a few locations where there is currently none.
- Improve the railroad crossing at Robertson Supply.

Construction Phases

To reduce inconvenience to motorists and adjacent residents, the project will be completed in several phases.

Phase 1 - 11th Avenue North to 16th Avenue North

Construction will begin on Phase 1 on June 13, 2016 and continue through August. The goal is to complete this phase before the start of the school season to avoid impacts to the Idaho Arts Charter School.

- **Phase 2A** - Alleyway between 9th Avenue North and 10th Avenue North to 11th Avenue North
- **Phase 2B** - 7th Avenue North to alleyway between 9th Avenue North and 10th Avenue North
- **Phase 3A** - 5th Avenue North to 7th Avenue North
- **Phase 3B** - 1st Avenue North to 5th Avenue North

Phase 1 Detour - (June - August)

The designated detour route for Phase 1 is 16th Avenue North, 5th Street North, 11th Avenue North, and 7th Street North.

Project Features

Road

- 6th Street North will be rebuilt from 1st Avenue North to 16th Avenue North
- Railroad crossing at Robertson Supply will be improved with concrete

Stormwater

- Stormwater inlets and stormwater pipes will be replaced
- Some curb and gutter will be installed in places where there currently is none

Pedestrian Improvements

- Pedestrian ramps will be replaced to meet current standards
- Flashing push button activated crosswalk signs will be installed near Idaho Arts Charter School

Bicycle

- Shared road markings for bicycles will be painted on 6th Street North
- Bike signage will be installed

Water Improvements

- Existing water and pressure irrigation pipe will be replaced
- Fire hydrants and water services will be replaced
